

As part of our commitment to continuously update and enhance our Fundraising system, we have recently made the following enhancements to the FrontStream Fundraising Pro platform.

Mobile Optimized Registration

Event/Location Home Page Redesign

Mobile Optimized Registration

We are excited to announce the launch of the mobile registration pages for the Event/Campaign template. Registrants on a mobile device now have the ability to register in a mobile optimized experience. Let's take a walkthrough of the mobile registration pages and what you can expect users to see.

Returning Registrant Page

Register

Already have an Account?

Not Registered?

Returning registrants can enter their credentials

Takes users to the password reset link

New registrants can click Sign Up

Registration Type Selection

The screenshot shows a mobile registration form with the following sections: 'Register' with a progress bar, 'Locations' with a 'First Location' dropdown, 'Waiver' with a 'Review Waiver' dropdown and an 'I accept the Waiver' checkbox, 'Registration Type' with radio buttons for 'Register as an individual', 'Create a team', and 'Join an existing team', and a 'Default Reg Type' dropdown. Below this is 'Registration Detail' with a 'Donation Information' section containing a 'Donation Amount' input field, and a 'Survey Questions' section with a 'What is your T shirt size?' dropdown and a 'Please specify your date of birth' input field. A 'Next' button is at the bottom right.

Users can view the waiver by tapping on the ▼ icon.

Location select if the event has multiple locations

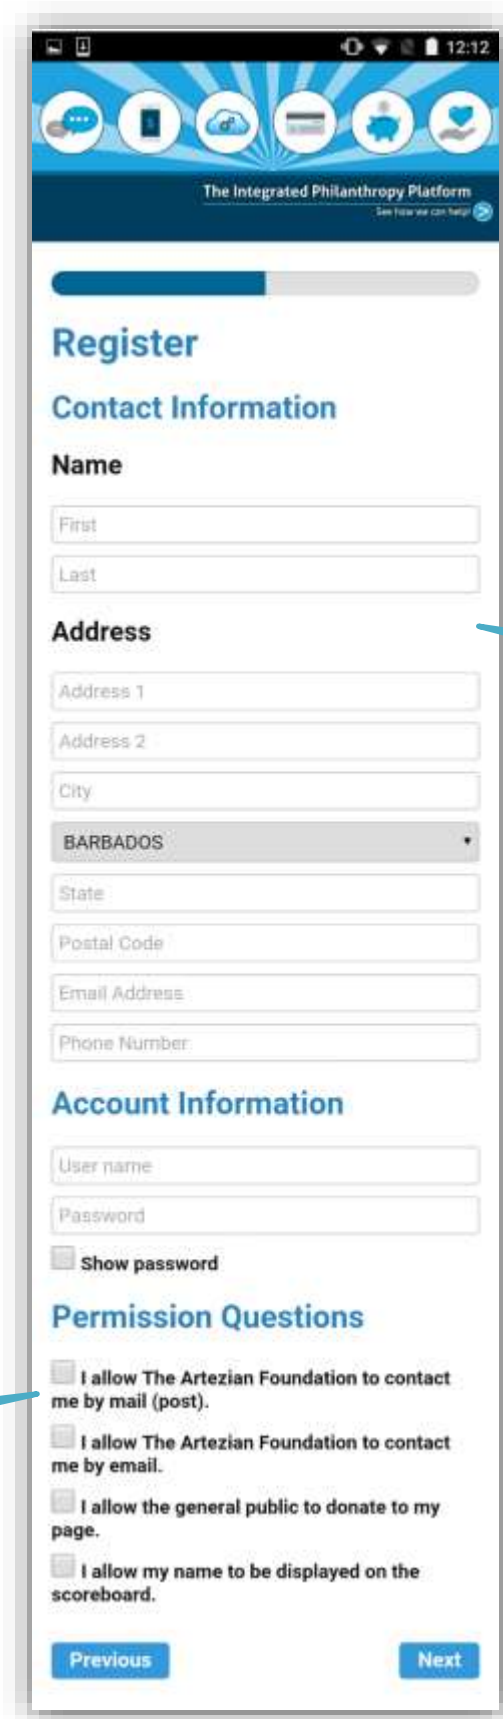

When there are multiple registration types users can select a registration type

Ability to register as an individual, create a team or join a team

Visible to users when self-sponsor during registration is enabled

User Defined fields are displayed to registrants here

Registrant Information Page

The image shows a mobile application registration form. At the top, there is a navigation bar with icons for chat, mobile, cloud, card, piggy bank, and heart, and the text "The Integrated Philanthropy Platform". Below this is a progress bar and the heading "Register". The form is divided into three sections: "Contact Information", "Account Information", and "Permission Questions".

Permission Questions

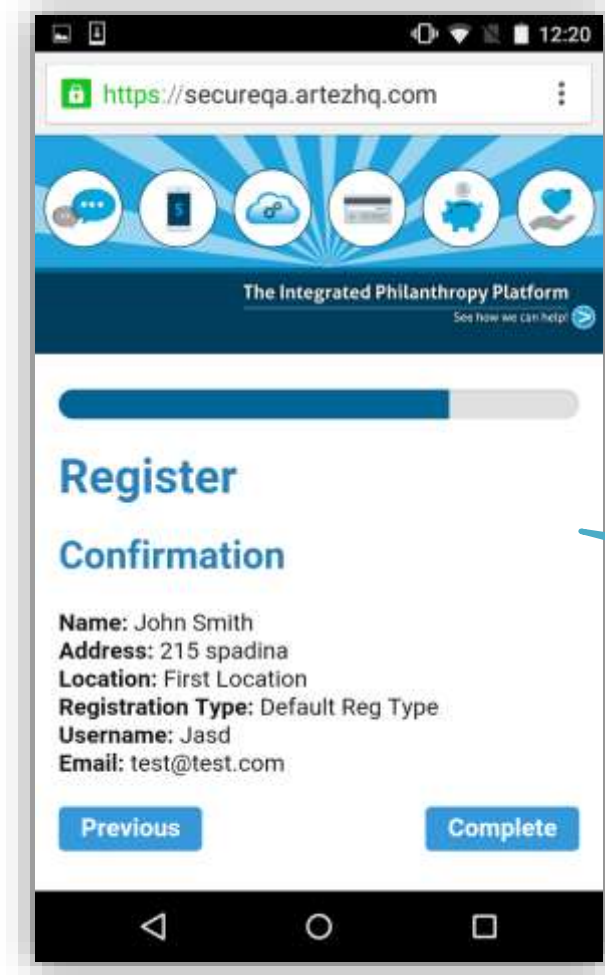

- I allow The Artezian Foundation to contact me by mail (post).
- I allow The Artezian Foundation to contact me by email.
- I allow the general public to donate to my page.
- I allow my name to be displayed on the scoreboard.

At the bottom, there are "Previous" and "Next" buttons.

Registration Confirmation Page

Confirmation page before completing registration

Registration Payment Page (If Applicable)

The screenshot shows a mobile application interface for a philanthropy platform. At the top, there is a navigation bar with icons for chat, mobile, cloud, credit card, piggy bank, and heart. Below this is the text "The Integrated Philanthropy Platform" and a link "See how we can help". The main content area is titled "Payment Total" and shows "Donation Amount: \$10.00" and "Total: \$10.00". Underneath is the "Payment Information:" section with two tabs: "Credit Card" (selected) and "PayPal". The credit card form includes a dropdown for "Credit Card Type", text inputs for "Credit Card Number", "Card Holder Name", and "CVV", and dropdowns for "Expiry Month" and "Expiry Year". At the bottom of the form is a reCAPTCHA "I'm not a robot" checkbox and a "Submit" button.

If there is a payment required, users will be taken to the payment page

Registration Complete Page

At this point registration is complete and users are taken to mobile fundraising hub

Enabling Mobile Registration

To enable mobile registration

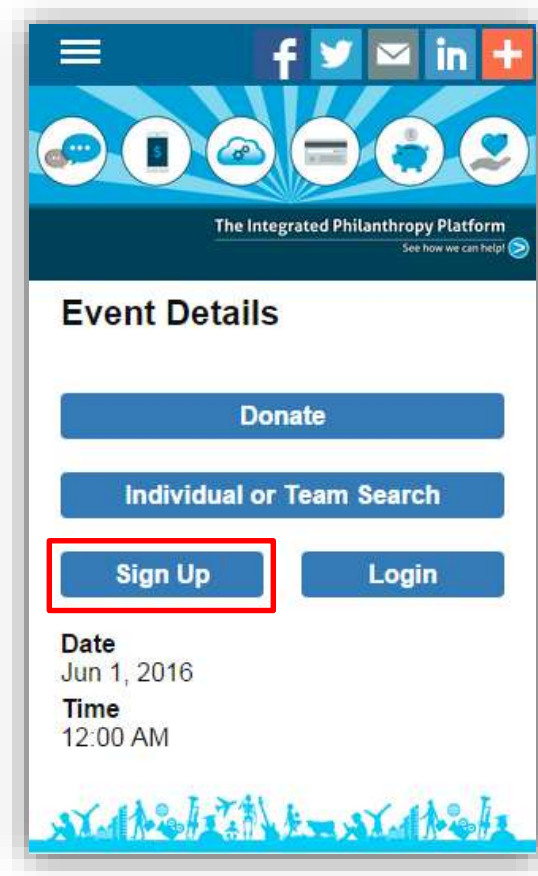

1. From the administrator console, search for the event.
2. Click on **Event Settings**.
3. In the Mobile Fundraising Settings section, click on the checkbox next to **Enable Mobile Registration**.

Mobile Fundraising Settings

- Enable mobile optimized fundraising (includes donation and personal profile fundraising pages)
- Enable mobile app promotion ?
- Enable Mobile Direct Donation
- Enable Mobile Team Donations
- Enable Mobile Registration**

4. Click on **Submit** to save the changes.

Once mobile registration has been enabled, when users click on the Sign up button on the mobile event home page (see below), they will be redirected to the mobile registration page.

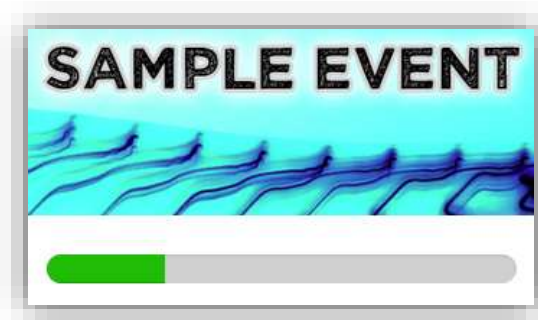

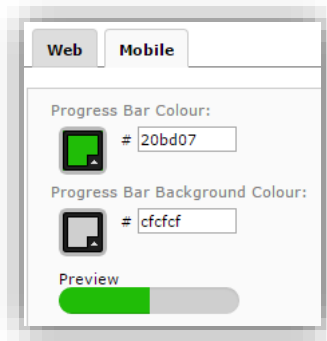

Customizing the Mobile Registration Pages

Customizing the Progress Bar

You can now customize the mobile registration progress bar's colors.

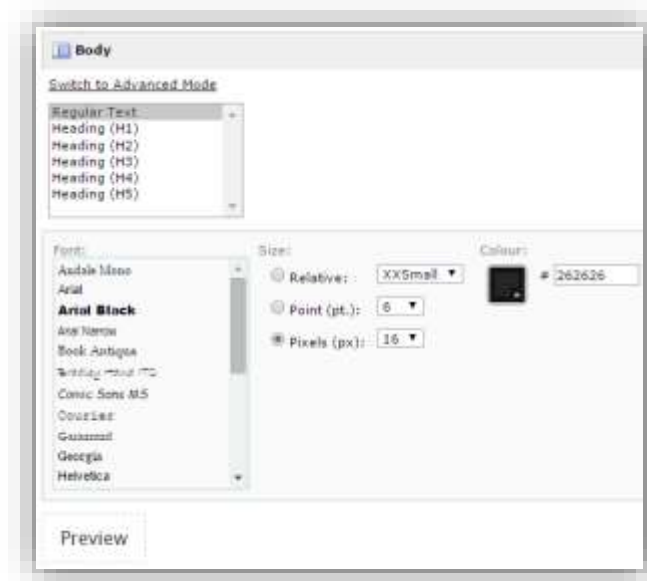

1. From the admin console, go to the event and then go to **Style Settings > Progress Bar > Mobile tab**.
2. On this page you will be able to customize the following elements
 - Progress Bar Colour
 - Progress Bar Background Colour

Customizing the Fonts and Headings

You can customize the mobile registration fonts and headings. Just like on the non-mobile pages you have ability to update the font style, font color and font size.

From the admin console, go to the event and then go to **Style Settings > Fonts and Headings > Mobile tab**.

Customizing the Mobile Registration Pages Content

You can also customize the mobile registration content. Just like on the non-mobile pages you have ability to update the content displayed on each page. From the admin console, go to the event and then go to **Content > H. Mobile Registration**. You will currently only be able to customize the pages by the Edit Content Pages.

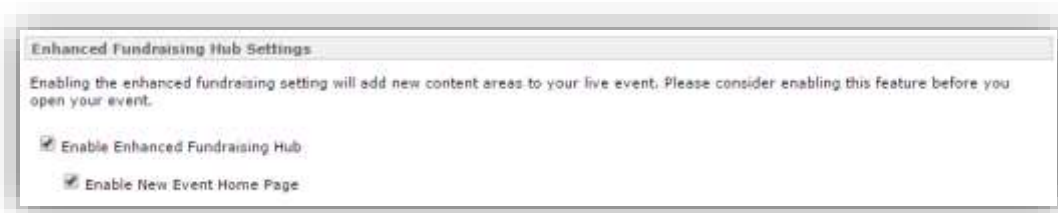

Functionality not yet available in mobile registration

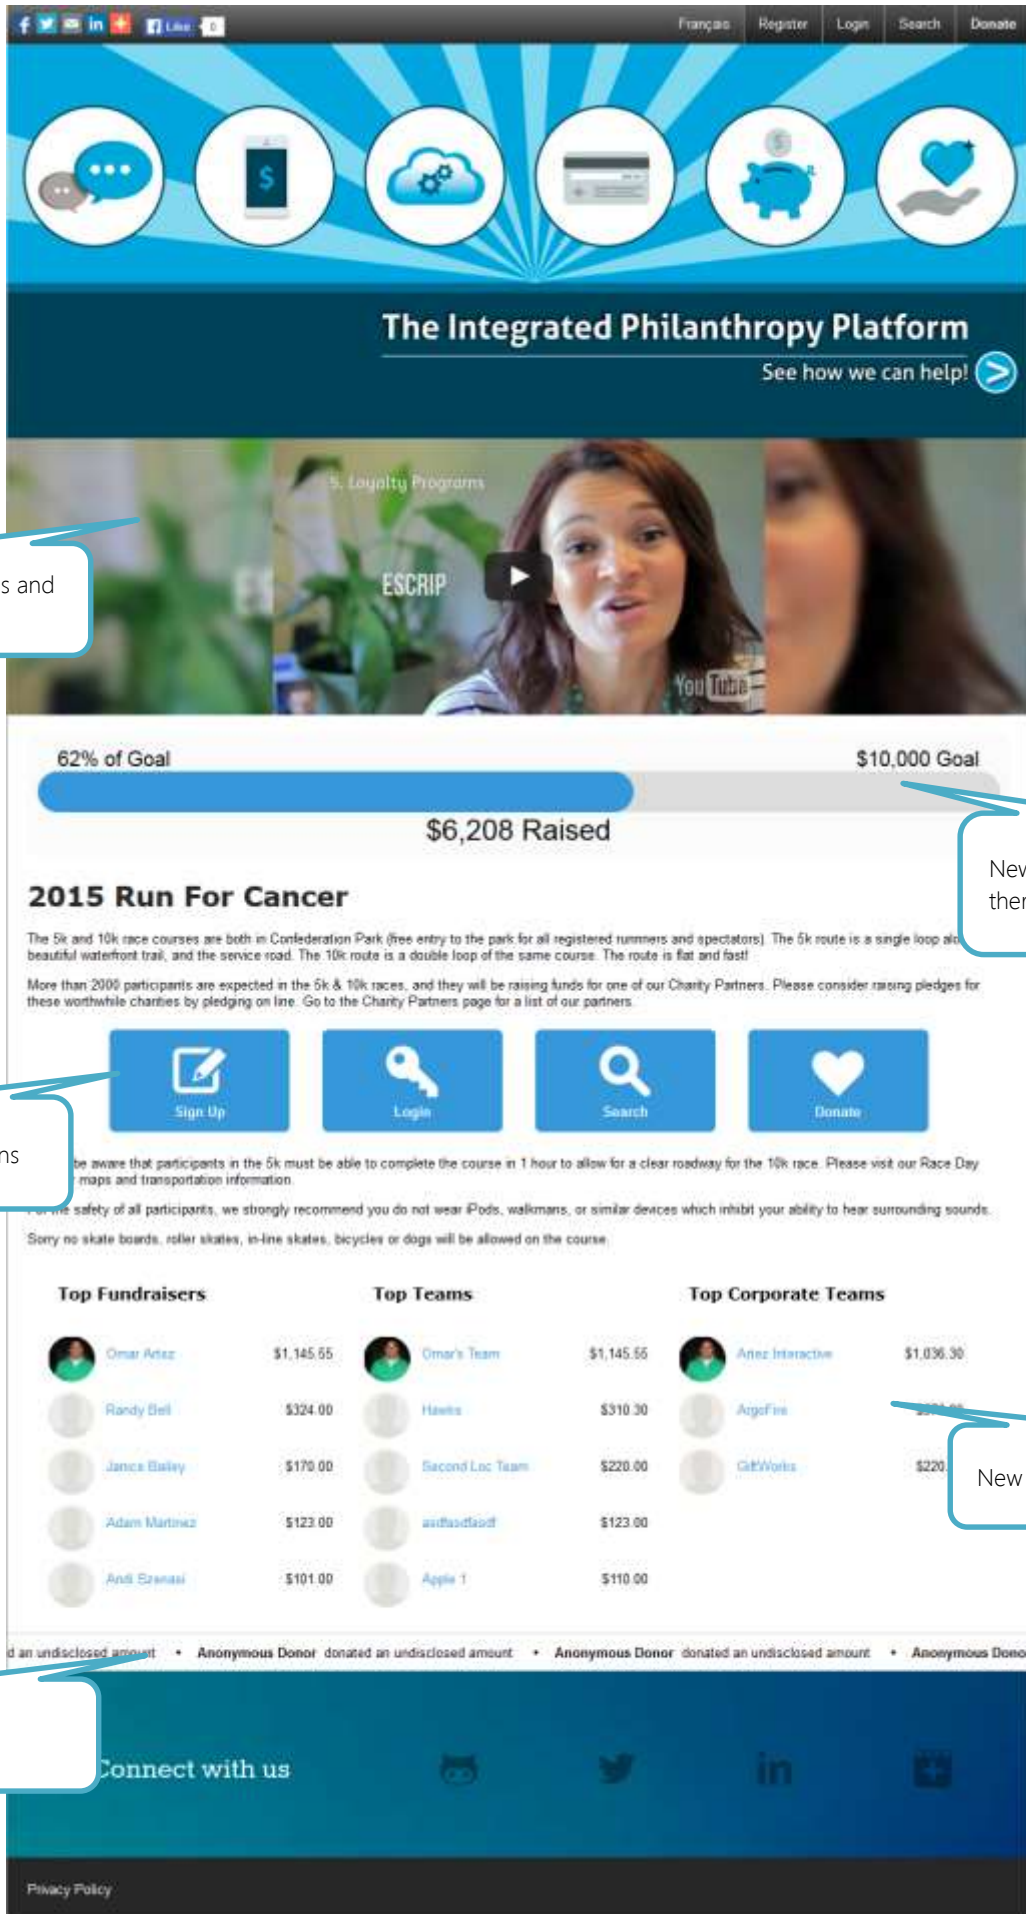

While mobile registration supports most features available in big browser, there are some features currently not available.

- Facebook Single Sign On
- Proxy Registrants
- Package Registration
- Waves
- Specify Fundraising goal
- Purchase items

Event/Location Home Page Redesign

We have updated the Event Home Page and Location Home Page giving it a new look and feel. The thermometer is now horizontal and customizable. We have added large, easy to see, call to action buttons to make site navigation even easier. Sign Up, Login, Search and Donate are now larger icons in the middle. Also, the Scoreboard have a new, cleaner look. You must first enable the new home page by accessing your event in the admin console and then going to **Event Settings** and enabling **Enable New Event Home Page** in the **Enhanced Fundraising Hub Settings** section.

Ability to upload images and videos

New customizable thermometer

Large call to action buttons

New scoreboard layout

New donor listing

2015 Run For Cancer

The 5k and 10k race courses are both in Confederation Park (free entry to the park for all registered runners and spectators). The 5k route is a single loop along a beautiful waterfront trail, and the service road. The 10k route is a double loop of the same course. The route is flat and fast!

More than 2000 participants are expected in the 5k & 10k races, and they will be raising funds for one of our Charity Partners. Please consider raising pledges for these worthwhile charities by pledging on line. Go to the Charity Partners page for a list of our partners.

Donate

Be aware that participants in the 5k must be able to complete the course in 1 hour to allow for a clear roadway for the 10k race. Please visit our Race Day maps and transportation information.

For the safety of all participants, we strongly recommend you do not wear iPods, walkmans, or similar devices which inhibit your ability to hear surrounding sounds.

Sorry no skate boards, roller skates, in-line skates, bicycles or dogs will be allowed on the course.

Top Fundraisers

	Omar Artez	\$1,145.55
	Randy Bell	\$324.00
	Janice Bailey	\$170.00
	Adam Martinez	\$123.00
	Andi Scranesi	\$101.00

Uploading Images and Videos

To upload images and videos to the event home or location page,

1. From the administrator console, search for the event.
2. Click on **Media**.
3. Click on **Event Home Page** or **Location Pages**, depending on which one you want to upload items for.
4. You will then have the ability to upload up to 3 images and 3 videos.
5. Click **Save** when done.

Customizing the Thermometer

We have Update the thermometer to be horizontal and customizable in style. To customize the thermometer, from the admin console, got to the event and then go to **Widgets > Thermometer > Thermometer Styling > Horizontal Thermometer**. From there you can change the colors as you prefer.

Call to Action Buttons

These new buttons on the event home page will make site navigation more user friendly. 4 large buttons for Sign Up, Login, Search and Donate will be in the middle of the event home page for ease of use and navigation.

As always, these can be customized by going to the event and then going to **Style Settings > Widget Colours**. Edit the Home Page Buttons to change the style.

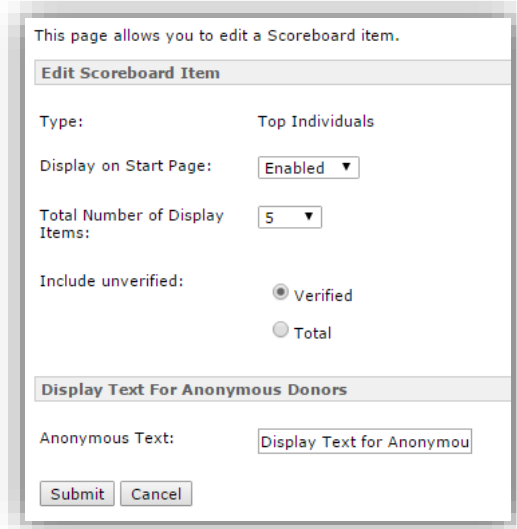

Scoreboard

In addition we have updated the look of the scoreboards.

You can enable the scoreboard setting by going to the event and then going to **Widgets > Scoreboard** and then choose the scoreboard you wish to enable.

Donor Listing

The donor listing will display the most recent 200 donors to the event, or if you are on a location page, to the location. To enable the donor listing;

1. From the administrator console, search for the event.
2. Click on **Widgets > Manage** (under Donor Listing).
3. Enable the donor listing for the event home page and location page.
4. You can also specify whether you want to only display verified donations or all donations.

Edit Donor Listing Setting

Display Donor Listing on Event Home Page:	Enabled ▾
Display Donor Listing on Location Home Page:	Enabled ▾
Display Donor Listing on Personal Page:	Enabled ▾
Display Donor Listing on Team Page:	Enabled ▾
Display permission questions to Registrant entering pledges :	Enabled ▾

Donor Listing Type

Show only verified donations

Show all donations (verified and unverified)

5. Click Submit.

Once enabled, the donor listing will be visible at the bottom of the event or location page.

Editing Content

You can edit the content of the new event home page in the admin console by going to the event and then going to **Content > A 1. Event Home Page** and either edit in the WYSIWYG editor or within the edit content section. You can do the same for the location home page by going to **Content > A 2. Event Location Home Page**.
