

As part of our commitment to continuously update and enhance our Fundraising system, we have recently made the following enhancements to the FrontStream Fundraising Professional platform.

Minor Enhancements	
Component	Description
Gateway	Fundraising Pro is now integrated with 2 new payment gateways. <ul style="list-style-type: none"> • Braintree Payments • Paystream
Export	The PayPal Transaction ID is now included in the export for any payments made via PayPal.
Snapshot Report	The “Reg Fee Paid” column no longer includes amounts for purchases made during registration. Only the registration fee is included.
Registration Details Report	The “Reg Fee Amount” column no longer includes amounts for purchases made during registration. Only the registration fee is included.
Mobile Registration	For required UDF’s, an asterisk is now displayed next to the question so that users know which questions are required.
Bug Fixes	
Component	Description
Reports	Resolved an issue where the Billing Summary and the Purchase Item (PDF Version) Summary reports would display an incorrect value if the initial payment failed.
Tax Receipt	Resolved an issue where the Purchase item template was not including the donor covers the processing fee amount when someone made a direct donation.
Mobile Registration	Resolved an issue that was preventing some users on Android mobile devices from entering the number in the phone number field.
Mobile Registration	Resolved an issue that was allowing users to access the mobile fundraising hub when they cancelled out of making a PayPal payment.
Self-Sponsor Post Registration	Resolved an issue where users that had registered without an address, were unable to make a self-sponsor donation from within the fundraising hub.
Event API	Resolved an issue where GET Teams was not returning the location name for the team.
