As part of our commitment to continuously update and enhance our Fundraising system, we recently made the following enhancements to the Artez Platform.

Peer-to-Peer Donation Thank You Pages

Friends & Family Registration Added to Mobile Registration

Peer to Peer Template Donation Thank You Pages

This is a BETA release. Users may experience issues when using the editor or viewing the live pages. Additional functionality will be added in future sprints.

Donation Thank You Page

We have added a Donation Thank You Page to the Peer-to-Peer template so that organizations can give personalised praise to their donors. Users can edit and customize Direct Donation, Individual and Team Donation Thank You Pages separately.

Friends & Family Registration Added to Mobile Registration

We have now added the ability to add additional registrations while registering on a Mobile Device for the Event/Campaign Template. To enable this functionality on a new event please follow these simple steps:

- Enable "Enable Friends & Family registration" in Event Settings
- Enable "Enable Mobile Registration" in Event Settings
- Enable the Email: "Registration Confirmation - Registered By Another (You've been registered by Another)"
  - *If this email is **not** enabled the additional registrants will never be able to access the fundraising hub.*

When registering on a Mobile Device you will see the option to add additional registrations during the registration process.

Things to keep in mind about adding Friend & Family members during registration:

- All Registration Fees will be paid by the Primary Registrant. This means that if you register yourself and another with a fee, you will pay both registrants fees.
- If a Self Sponsor is required on an additional registrant being added, the donation will not be charged to the additional registrant (Primary registrants choosing this registration type will be charged).
- The Primary Registrant will need to choose the additional registrant language preference if the event is bilingual.
- User Defined Fields will be added later for the additional registrant. They are in scope for a future release.
- Additional registrants will receive an email providing steps on how to create a password and login for the fundraising hub.
- If the event has a waiver, it will be accepted by the additional registrant when they first login.
